Presentation Guidelines

Guidelines have been prepared below to assist with preparation for your presentation:

For your PowerPoint presentation please note the following:

- Ensure it is in 16:9 format

The staff at the registration area will be able to assist you in finding the designated room. Please note that you **will not** be able to use your own device to present.

You have been allocated **15 minutes for your presentation** (plus an additional 4 minutes for questions and answers). Further questions can be asked and answered in the Conference Mobile App. The session chairs will keep a tight schedule to ensure that the program stays on time and allow participants to follow presentations in different sessions.
