

POSTER PRESENTATION GUIDELINES

Speaker Registration

All speakers at IMSC 2024 must be registered to attend the Conference, at least on the day of their presentation. If you have not yet registered, please register by Friday, 19th July. If you have not registered by this date, your abstract will be considered forfeited, and you will be removed from the Conference Program.

Poster Guidelines

Please design, create, and print your poster using the guidelines provided below, for display at IMSC 2024:

The poster boards are 1.2m wide x 2m high. Please ensure your poster is created within these dimensions and does not exceed the poster board. The recommended printing size is A0 in a portrait orientation.

Velcro dots will be available at the information desk located in the Exhibition hall for collection. Please use these dots to attach your poster to the board provided in the Exhibition Hall.

Poster Presentation Times and Displays

Your poster will be displayed for one day in the allocated poster sessions (Monday, Tuesday, Wednesday or Thursday) on an allocated poster board. Your individual poster board number will be allocated to you in the coming weeks. Posters must be put up by 9.30am on the morning of your poster presentation, and removed by 7.30pm on that evening. Any posters not removed by that time will be discarded.

It is your responsibility to print and bring your poster to IMSC 2024. You are responsible for displaying your own poster on your allocated poster board and standing alongside your poster during the poster sessions scheduled from 1.00 to 3.00pm.

If you have any questions at all, please do not hesitate to contact All Occasions Group at conference@aomevents.com.

Thank you once again for participating in the 25th International Mass Spectrometry Conference 2024.

We look forward to welcoming you!
